Piranha boatworks prides itself on designing boats that afford our customers a high level of functionality at a competitive price. It is our belief that you should spend your hard earned income on fun and family and not the logo on the side of the hull. The new Piranha Bay Series B2200 is all that and more. At just under 22 feet, it can take family and friends to the local sandbar for fun in the sun one day, and the next day it can take you out fishing for redfish, grouper, dorado or stripers with your buddies. With a 55 gallon fuel tank and today's economical outboards, it will take you to your secret fishing spots and to your favorite watering hole. It comes with plenty of seating and lots of storage. It is the ultimate platform for fishing, family and fun. Take a ride on a Piranha today and feel the difference. Get Predacious on a Piranha.
