F1700 Flats / Bay Boat

It's a 17 foot flats boat that rides like a bay boat. The v hull carries through to the transom. It is extremely stable with a huge forward casting deck. Walk the gunnels or stand on the edge and this fishing platform barely moves. Four of the storage compartments are configurable prior to purchase(plumbed, insulated, or dry). Great boat for stalking your inshore target species or heading out with the family to hit the sand bar. Take a bite out of a Piranha today.

Optional Features:

- | | |
|--|----------------------------------|
| Poling platform | Trolling Motor |
| Vertical rod holders | LED lighting |
| Push pole holders | Hydraulic Steering |
| Digital gauges | Electronics |
| Trim Tabs | (Stereo, Fishfinder, GPS, etc..) |
| Many gelcoat colors available for hull and deck,
plus many more options | |
